

VAT AND INTRASTAT RETURNS DEADLINE EXTENDED

The Cyprus Tax Department has extended by a week the submission and payment deadline for the VAT period ending 31/08/2023.

In two separate announcements earlier this month, the Tax Department informed the public that the deadline of submission of VAT Returns and payment for the VAT period ending 31/08/2023 is extended from 10 October 2023 to **16 October 2023**.

The deadline for the submission of Intrastat returns for September 2023, is also extended to **16 October 2023**.

The reason for the extensions is due to the upgrade of government servers, which will disrupt the operations of government portals (including TFA) for 3 days, from 6 October to 8 October 2023.

As always, Chelco VAT is at your disposal to provide more information or clarifications on this or any other VAT matter.
